

GIFTS, GRANTS AND BEQUESTS

The board believes gifts, grants, and bequests to the school district may be accepted when they will further the interests of the school district. Gifts to the school district first require the approval of the superintendent, and the board encourages donors to consult with the superintendent prior to making the donation. Donations of a significant value should normally be made through the District Foundation to avoid unintended losses of state aid. The board, at the recommendation of the superintendent, shall have sole final authority to determine whether the gift furthers the interests of the school district and will be accepted directly by the district. Donations made to the District Foundation will need final approval from the Foundation Board after receiving the approval of the superintendent.

Prior to submitting application for any grants and due to the investment of time and resources needed for the application process, the superintendent must provide approval to make the application. The superintendent will consider whether the requirements and goals of the grant are in keeping with the educational plans and goals of the district, and whether acceptance of the grants will cause undue burdens on the district.

Gifts, grants, and bequests once accepted on behalf of the school district shall become the property of the school district. Gifts, grants, and bequests shall be administered in accordance with terms, if any, agreed to by the board.
