

STUDENT CONDUCT

The board believes inappropriate student conduct causes serious disruption to the learning environment, interferes with the rights of others, and threatens the health and safety of students, employees and the public. The Superintendent and staff will develop and implement age-appropriate student codes of conduct to facilitate the educational process.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district. This policy will also apply while on school owned, operated or chartered transportation; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and educational processes of the school district.

Students who violate this policy and the administrative regulations supporting it will be subject to disciplinary measures including, but not limited to, removal from the classroom, detention, suspension, probation and expulsion. The codes of conduct will include measures to prevent or discourage behavior which interferes with the educational program, behavior which disrupts the orderly and efficient operation of the school or the functioning of school activities, behavior which interferes with the maintenance of a learning environment, behavior that is violent or destructive, or behavior which interferes with the rights of other students to pursue their education. Procedures will be available to allow rights of due process for all students.

Every Report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of this policy, potential issues of sexual harassment or discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged sexual harassment or discrimination as well as the incidents of alleged violations of this policy.

This disciplinary process is designed to create the expectation that the degree of discipline imposed by the school will be proportionate to the severity of the behavior of the particular student, the previous discipline history of the student and other relevant factors. It will also include parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance appropriate student behavior and academic performance. All student codes of conduct shall be submitted to the board for approval or review.

The code of conduct will be included in the student handbook, and a parent/guardian will sign and promptly return an acknowledgement of receipt of the handbook which specifically mentions the student code of conduct.
