

TECHNOLOGY AND INSTRUCTIONAL MATERIALS

The board supports the use of innovative methods and the use of technology in the delivery of the education program. The board encourages employees to investigate economic ways to utilize instructional television, audiovisual materials, computers, and other technological advances as a part of the curriculum.

It shall be the responsibility of the superintendent to develop a plan for the use of technology in the curriculum and to evaluate it annually. The superintendent shall report the results of the evaluation and make a recommendation to the board annually regarding the use of technology in the curriculum.
