

LIVE BROADCAST OR VIDEOTAPING

Within the limitations described below, individuals may broadcast or videotape public school district events, including open board meetings, as long as it does not interfere with or disrupt the school district event and it does not create an undue burden in adapting the buildings and sites to accommodate the request.

It shall be within the discretion of the superintendent to determine whether the request is unduly burdensome and whether the broadcast or videotaping will interfere with or disrupt the school district event.

In addition to limitations on recording or transmitting image or sound in policy 504.12 referenced below, anyone recording or transmitting any sound or image of any person (including themselves) must have the prior consent of the person or persons being recorded or whose image or sound is being transmitted. This requirement applies to all persons, including staff, students, volunteers, and community members, at district facilities or attending district sponsored events. This policy does not apply to District-sponsored athletic events or activities where the focus of the recording or transmission is on the student performances or activity. Nothing in this policy shall prohibit the recording of an Individualized Education Program meeting when necessary to implement parental rights as guaranteed by the Individuals with Disabilities Education Act or in conducting meeting to implement Section 504.

News media coverage of sports and other special events is encouraged. Radio broadcasts of events will be arranged through the superintendent's office. Videotaping of classroom activities will be allowed at the discretion of the superintendent. Parents will be notified prior to videotaping of classroom activities.

It shall be the responsibility of the superintendent to implement this policy and for handling requests for other broadcasting or videotaping activities.
